SPEER'S WEATHER STRIP LOCK

THE subscribers beg leave to inform builders and others, that they have purchased at a high price the right for Kentucky of "SPEER'S WEATHER STRIP LOCK," an article which has only to be seen to commend itself to architects and builders. It is very simple in its operation, cannot get out of order, is a perfect weather and dust guard, is secure against the operations of burglars, prevents all noise by the wind and slamming, and is cheaper and better for French windows than any article yet invented.

We now offer the right for every county in Kentucky, except Jefferson, which we reserve for ourselves, for sale on such liberal terms as must make it a profitable investment.

Speer's Weather Strip Lock may be seen in operation at the hardware store of John Hart, Market street, between Eighth and Ninth, and at the carpenter shop of Schon & Tobin, on Fourth street, beyond Chestnut, of whom all desired information can be obtained.

RICHARDSON'S
IRISH LINENS,
DAMASKS, DIAPERS, &C.

CONSUMERS of RICHARDSON'S LINENS, and those desirous of obtaining the GENUINE GOODS, should see that the articles they purchase are sealed with the full name of the firm,
RICHARDSON, SONS & OWDEN,
as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed on with Goods of a worthless character.

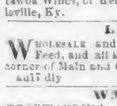
DR. STRAUS,
SURGEON DENTIST,



WOULD inform the citizens of Louisville and its vicinity, that he has located himself here permanently, for the purpose of practicing his profession in all its various branches, after the latest and most approved style. Having practiced for the last twenty years in New Orleans, I feel confident of giving satisfaction to every one who may honor me with a call. I would call the particular attention of the public to my mode of filling teeth, which is done in such a manner as to get twice the amount of gold into a cavity, as done in the usual way. I can, therefore, "guarantee" every tooth plugged in such manner to be as good as if never decayed.
Artificial teeth inserted—from one to an entire set—not only for beauty, but also for use, with or without suction, such as the case may require. Teeth extracted with as little pain as possible, and all other operations pertaining to dentistry.
Office on Jefferson street, between Second and Third streets, South side, Louisville. jy1 dly

G. B. FITTZ..... J. F. WILSON.

DRS. FITTZ & WILSON,
DENTAL SURGEONS,

HAVING had the advantage of a thorough Dental education, offer their Professional services to the citizens of Louisville and vicinity. Dr. Fittz's skill in Mechanical Dentistry can be seen at their office, specimens of which took the first Premium and Diploma at the United States Fair in 1857. Dr. Wilson has been treating aching teeth successfully for the last five years by destroying the nerve without pain, filling the fangs and crown with gold, restoring the tooth to its natural shape, and making it as useful as before decay. Do not have your teeth extracted until you are certain they cannot be saved.—More than fifty per cent. of the teeth usually extracted can be made useful through life. We are daily treating and filling teeth of this class that come in to be extracted. In no case do we disfigure a tooth by filling to fill it, using other and better means than the indiscriminate use of the file. Any tooth can be filled with gold that is worth filling at all. We use, when requested, a local anesthesia to prevent pain in extracting teeth.
All operations warranted as represented, and terms as liberal as any good Dentist can afford.
N. B.—Call and have your teeth examined and our advice gratis. Office on Fifth street, next door to au26 dly the Cathedral, Louisville, Ky.

DAILY COURIER.

FRIDAY,.....OCTOBER 29, 1858.

☞ Reading Matter on every page.

CRIME AND ITS CONSEQUENCES.—In the Bartholomew (Ind.) Circuit Court on Wednesday, the case of Shrewsbury & Price vs. Menhunter, was decided, damages being found against the defendant in the sum of ten thousand dollars. When the verdict was rendered Menhunter drew a pistol and shot himself through the heart, dying instantly. The deceased had been the agent of Shrewsbury & Price, who are extensive millers at Madison, and the suit involved his personal integrity. Hence his act of self destruction.

Another act in this terrible drama is yet to be unfolded. Yesterday the extensive flouring mill of Shrewsbury & Price was destroyed by fire, involving a loss to them of over twenty thousand dollars, exclusive of insurance.

The reader can draw his own infereuces from these facts. Doubtless the suicide and the subsequent incendiarism are nearly connected. Menhunter had avengers, and Shrewsbury & Price are the sufferers.

TELEGRPHIC FALSEHOODS.—The telegraphic reporter of the Associated Press at St. Louis, is so unreliable that he should be at once dismissed from the position he occupies. He is so warm in the interest of Douglas that in order to aid his cause he has been sending over the country dispatches evidently made up out of whole cloth.—some few weeks since he telegraphed that Judge Breese was favorable to Douglas' election, which that distinguised gentleman at once publicly stamped as false. The other day he telegraphed that Dr. LeRoy, the National Democratic candidate for Congess in the Third District, in Illinois, had withdrawn from the cause, in favor of the Douglas candidate. That gentleman has also published a card in which he brands the statement as false, and says that he intends to run the race out.

We caution our readers against the "roorbacks" that the St. Louis reporter may send out, in regard to political matters in Illinois.

OUR TOBACCO INSPECTORS.—We learn from the Glasgow Free Press, (a Know Nothing paper,) that the tobacco planters and shippers of that region are complaining very gravely of the election by our City Council of Col. Bayless as Tobacco Inspector. They say that Col. B. is totally incompetent, and owes his election to religious influence in the Council. The same paper states that the appointment by Gov. Morehead of Tobacco Inspector at this place, creatry great dissatisfaction in the Green river counties. This appointee is, we believe, a relative of his Know Nothing Excellency.

Well, we have no particular interest in this family quarrel. But we would rejoice to see so important a commercial interest taken out of political hands.

THEATER—BENEFIT OF JOHN DREW.—The very unfavorable weather for several days past has not permitted John Drew to have as good houses as he would have had otherwise, and which he certainly merited. He is the best delineator of Irish character now on the stage, and withal a capital good fellow.

Mr. Drew's benefit takes place to-night, when a bill full of humor and fun is presented, consisting of "St. Patrick's Eve," "Irish Rebellion," and "Handy Andy." He is unapproachable in the last named piece, which, by the way, is one of the best of the kind we have seen.

MUNICIPAL BUSINESS.—At the regular meeting of the General Council last evening, the following resolutions were passed

1. Providing for an additional appropriation for the Court House improvement.

2. Authorizing ten thousand dollars to be borrowed until that sum could be collected, for the payment of police, teachers, etc.

3. Making provision for the extension of gas pipes.

4. Requiring all coffee house keepers to take out licenses ten days before their old licenses expire.

DEATH OF A NOTED HORSE.—The celebrated trotting horse "Ned Forrest," who at one time was the acknowledged champion of the turf, died on Thursday night of week before last, at the stable of James Hamill, New York, at the advanced age of thirty four years. This extraordinary horse, a son of "Grand Bashaw," was once the property of General George Cadwallader, of Philadelphia, and it is said, while in his possession, trotted repeatedly a half mile in 1:05 and 1:06; and that on a private trial he performed his mile in harness in 2:26.

BURGLARY.—The office of the Madison, Ind., Insurance Company was burglariously entered on Monday night. The burglars bored through one of the shutters ou Second street, so as to withdraw the bolt, open the shutter, and hoist the wiudow. The vault was thief-proof, and after trying the hinges of the door and lock, and digging through the side until the iron of the vault was reached, the attempt to rob was given up as a bad job. The burglars had their work for nothing.

LARGE SALE OF OLD SUGAR.—MESSRS. S. G. Heury & Co., sold yesterday at public auctou, on four months credit, 236 hhds New Orleans sugar, old crop, at the following prices: 14 hhs at 6c; 10 hhds at 6¼c; 6 hhds at 6⅝c; 5 hhds at 6¾c; 10 hhds at 6¾c; 5 hhds at 7c; 5 hhds 7¼c; 27 hhds at 7¼c; 31 hhds at 7⅜c; 85 hhds at 7½c; 8 hhds at 7⅝c, and 27 hhds at 7¾c. A large portion of the above was purchased for Ciucinnati, which leaves a very small quantity of old sugar in first hands in the city.

THE BELL AFFAIR DRAMATIZED.—Our New Albany friends are determined to make the most of the arrest of Capt. Horace Bell. To-night is set apart at their theater for Miss Suan Denin's benefit, when the management will present a drama founded on the events of the recent capture; the incidents of the play beginning at the time of the arrest of the father and brother, and continuing down to the present time. Miss Deuin appears as Horace Bell. *Vive la bagatelle!*

CHOICE WINDOW SHADES.—Nothing so improves a residence as neat and pretty window shades, and we know of none better than those of J. A Dickinson, the upholsterer on Fourth street. He has the best, most varied, and beautiful assortment we have ever seen. They are better, less troublesome, handier, and ten times cheaper than curtains.

☞ We remind our lady readers that Mr. C. C. Spencer sells Col. C. A. Fuller's household furniture on Saturday morning, at 10 o'clock, at his residence, on Fifth street, just beyond Broadway. The articles to be sold are worthy their attention.

☞ Who loves muffins, waffles, buckwheat cakes, puddings—or rather who loves them not? To have these luxuries in perfection, make them with Hurley's quick yeast. This is just the season.

☞ Daniel McClure, the present and elect Secretary of State, of Indiana, has been appointed paymaster of the army, with the rank of Major, and a salary of abont $2,500 per year. He will accept it.

☞ The Rev. Jekuthiel G. Solomons will officiate in the Polish Jews' Synagogue, Green street, on Saturday morning, 30th inst., and will preach in the German language.

How the Case Stands.

The recent arrest in New Albany of Horace Bell, by Louisville officers, without a requisition from the Governor of this State, has greatly excited the popular mind. As we said in our first allusion to the matter, the arrest was certainly illegal. Yet the officers had some show of precedent for the illegal arrest of Bell, and as there was money in it, they followed this unlawful precedent. For years it has been customary for Kentucky officials to go to Indiana and take culprits without any formal processes, and the same has been done, even to a greater extent, by Indiana officers in this State.—This has indeed become a custom, conceded without objection on both sides of the river, in order that the ends of justice might be more fully and speedily attained.

Mr. Ray, the Chief of the Police, furnishes us with the following facts bearing on the case. Unquestionably hitherto the informal method of arrests has been accompanied by great good, and would doubtless have been continued had it not been for the Bell affair, which excitable spirits in New Albany saw could be rendered subservient to political ends, since the slavery question was involved in it.

The following persons have been takau to Indiana from this city without any process, requisiton or warrant:

Two men, robbing Vansickles' boat at Madison; Drake and Partner, robbing Jeffersonville depot; Frank Johnston, robbery; Irish woman, Bridget, robbing Sam. Patterson; Robinsou, robbing wharf boat at Aurora; John Church, stealing horse at Madison; Jas. Underwood, felony; Pryor and wife, passing counterfeit money at Evansville; M. Storm, robbery; Chas. Jones, horse stealing; Dr. Coffee, counterfeiting; Dutchman, horse stealing; Chas. McClintock, breaking jail at Madison; Chas. Talbot, breaking jail at Madison; Lafayette Collins, horse stealing; Frank. Smith, burglary; Wm. Bordeu, burglary; Chas. Meyers, burglary; Tucker Tomlinson, murder; Oliver Hall, breaking jail at Corydou; Oliver Hall, passing counterfeit money; Wm. Collins, horse stealing; Wm. Bennett, breaking Madison jail; Elijah Brothers, horse stealing.

The following persous have been brought from Indiana without process of law:

Helfrich, robbery; Jim Albertson, robbery of Blauchard; Jim Bowen, robbery of C. Basham; Jack Shepherd, breaking out of prison; Henry Oliver, robbing steamboat at Madison; Fairbanks, running off negroes; Elisha Hillier, running off negroes; John Welsh, running off negroes; negro man; Lyons and partner, felony; man from Utica; Jones from Greenville, for murder, (hung); Nancy Smith; Brown and Hardin, from Jeffersonville; Tom Herriugton, for robbing steamboat Emma Deau; Malvina Moore, robbery; Nich Brown and wife, kidnapping free negro.

"Tell a setting hen to spread herself on 16 eggs and the product will pay the taxes of each of three-fourths of the voters in Louisville on the Memphis Branch railroad."—*Lou. Democrat.*

If the 16 eggs were addled the product would pay the city tax of the president of the Louisville and Nashville railroad, though they would not compensate for the articles he has printed, and those he has induced others to publish, and the speeches he has made, and the immeuse quantity of gassing he has done in favor of his Memphis branch scheme.

HUDSON HALL RE-OPENED.—This elegant saloon under the Masonic Hall, will be opened to day by Messrs. Watts & Rogers, who rendered themselves so popular at the United States. It will be their aim to keep an establishment which shall be marked by quiet, decency, and excellet liquors. That they will fulfil their pledges to the public is guaranteed by the past.

☞ The heavy rain, last night, flooded the streets. At the post office corner, the water was two or three feet deep. Mr. Williams, the custom house architect, and Mr. Gray, the city engineer, have united upon a plan by which the water at that point will be of swimming depth, whenever there is rain. They should now build a suspension bridge or establish a ferry.

LECTURE LAST NIGHT.—Prof. Hallman's first lecture upon Natural Science, was well attended last evening, notwithstanding the stormy weather.—His remarks were forcible and pertinent, and his experiments entirely successful. All present were highly pleased with the lecture.

The Journal and Bishop Spalding.

The Journal continues its skirmishing tac
against the reply of Bishop Spalding, publis
in our columns. The editor thinks it "tedious
go over the whole ground of the discussion,
does not tire of petty assaults on the outskirt
In his second article he is as unfair and as inc
clusive, as he was in the first. He has no idea
referring to "the grave issue," but he seeks
amuse" his readers at the Bishop's expense.
haps the amusement may turn in another dir
tion.

The Bishop had referred to the politeness
"Young Europe" as strikingly superior to that
"Young America;" and he had alledged facts a
specifications in support of his position, whi
have forcibly struck many travelers in Europ
no matter what may have been the shade of th
religious opinions. The Journal, with great u
fairness, generalizes the statement, and heads h
article "*Bishop Spalding on American Manners*."
Now the Bishop had spoken of "Young America,"
whose remarkable characteristics, especially
cities, are pretty generally known. We unde
stood him to refer chiefly to that class of boy
unhappily too numerous and steadily on the i
increase, who follow our streets, and whose r
spect for age and authority, even parental, is an
thing but remarkable. Such a class is seldo
seen in the cities of the European continent,
all candid travelers, who have at all examine
the subject, will be prepared to admit. We hav
never heard any such complain of rudeness amon
the European boys and girls whom they meet i
their travels abroad.

We do not mean to say that the Bishop's argu
ment based on the fact, was a very strong or co
clusive one; but we do mean to say that the Jou
nal should have been at least fair and honest i
stating the fact on which it was based. We d
not see what the railing of "old bachelors and an
cient spinsters" had to do with the argument.
This was thrown in, we suppose, as "a sop to
Cerberus," like several other things in the sam
article of the Journal. Every discerning man
must see at a glance that such tactics, instead o
strong trusts, tend greatly to weaken the cans
which the Journal has espoused. God help our
common schools as at present conducted, if the
can have no more efficient advocate than the
Journal! They could better afford to bear the
opposition of the Bishop than such championship,
at least so far as it has been heretofore exhibited
in the editor's rejoinder. The Journal has indeed
created amusement, but it has been at its own ex
pense. If the Journal designs defending our
schools from the assaults of the Bishop, let it
be done in a manly, fair and open way, by the
use of valid arguments, and the production of telling
facts, or else let there be no further attempts
at defending them.

Hon. William Preston.

Col. Preston has accepted the Spanish mission,
and will leave for Madrid in a short time; but the
people of Kentucky are determined that he shall
not go under circumstances that will permit him
to pass from their memory. A grand ball will be
given to him and to his accomplished wife, (who
by the by, will be the noblest representative of
our ladies, ever sent to a foreign court) at the
Masonic Temple to-night. This ball will be the
event of the season. No care or expense has been
spared to make it a brilliant affair. The beauty,
the fashion, the intellect, the pride and the real
worth of the city, without regard to politics or
wealth, will be there. Music and dancing, and
good cheer and joyous hearts, and bright eyes and
merry voices, will gladden the scene, and make the
distinguished gentleman and the elegant lady for
whom the ball is given, appreciate the value of a
prominent place in the great heart of a generous
and patriotic people.

This public demonstration at the home of Col
Preston, and on the part of those with whom his
years from infancy to the present time have been
spent, is a fitting finale to the popular voice
which called upon him to be the next Governor of
Kentucky. The Democratic press of the State,
with unprecedented unanimity, spoke of him as
the favorite candidate for Governor, and it was
the opinion of leading Democrats everywhere,
that he would be nominated without difficulty,
and elected by such a majority as was never
given to any man in the State. The thing seemed
to be fixed, and none objected except an occa
sional rival who was not willing to see the field
thus swept over by the gallant Preston.

In the midst, however, of his anticipated Gu
bernatorial honors, the President tendered him the
Spanish mission. Of course he could not refuse,
for there was a chance for Cuba, and if this island
could, by a lucky turn of Fortune's wheel, be
added to our Union, more good would thereby be
done his party and his country than could be
achieved in the executive chair of the State. His
friends acquiesced in his acceptance of the posi
tion tendered him at the court of Her Catholic
Majesty, and we have an abiding confidence that
neither he nor his friends will ever have cause to
regret this decision.

We have heretofore published some extracts
from cotemporaries, in and out of the State, ap
proving of this appointment in the highest terms.
It will not be amiss, however, to add at this time
some others from the press of Kentucky, not here
tofore copied by us. The ball which comes off
to-night is a home demonstration, and it is fitting
that as many Kentuckians as possible should
speak on the occasion. As all the editors in this
State can't be present some of them shall speak
through the Courier what they think of Col. Pres
ton.

The following extracts are from Democratic
papers in the State:

[From the Kentucky Statesman.]

Our present and prospective relations with Spain re
quire the presence of an able, sagacious, discreet, and skill
ful diplomat, as the representative of this government
at Madrid. Besides being a power of utmost secondary
position in the world, Spain is the owner of the Island of
Cuba, and as such, requires to be managed. The annex
ation of Cuba to this government is universally con
ceded to involve merely a question of time, and can oc
casion no other difference of opinion than as to the man
ner and form of the acquisition. The consummation of
the great achievement is destined to shed a luster upon
the name of the President whose administration shall
effect it, which our present Chief Magistrate may not
improperly envy. That his chief ambition lies in the
accomplishment of this purpose is manifest in the im
portance which he has evidently attached to this mis
sion, to the careful deliberation with which he selects
his agent. What his particular line of policy may be,
whether he relies entirely upon pacific means, or is re
solved upon the measure, whatever course of action it
may necessitate, is expected to be fully developed in his
forthcoming message at the next session of Congress.—
Meantime he seems to have sought a combination of
qualities rarely found, but which are highly important
for the success of his schemes.

In the selection of Col. Preston, the President has ex
hibited much discrimination. His ability, his diplomatic
skill and varied accomplishments eminently fit him for
the highly responsible and delicate duties of the place.
A ripe scholar, a statesman and linguist, he possesses
peculiar qualifications for diplomatic service. His
suavity of manner, pleasing address, and conversational
talents, added to a familiar acquaintance with the Span
ish language, will enable him, by social intercourse, to
further the great measure he is evidently appointed to
carry through. Altogether, the appointment is, we
think an excellent selection.

Col. Preston was, at the time of his appointment,
among the most prominent aspirants for the Democratic
nomination for Governor. He had, perhaps, more ac
tive friends and a larger number of Democratic journ
nals committed to his support than any other gentleman
mentioned.

[From the Ashland Kentuckian.]

Many of our readers will be gratified to learn that Col.
Preston has accepted the Spanish mission, which in view
of the existing relations between the United States and
Spain, may be justly considered the most important mis
sion within the gift of the government.

Col. Preston is probably the best qualified and most
acceptable minister that could have been selected to sus
tain and promote the interests of our country in her con
nection with the Spanish government.

[From the Canton Yeoman.]

This distinguished gentleman and statesman has ac
cepted the Spanish mission, recently tendered him by
President Buchanan, and will not be a candidate for Gov
ernor of Kentucky. We have a great number of able
men in our party, and men that will make a strong and
victorious race, but we believe that there never was such
unanimity in favor of any man as there was in the Dem
ocratic party in favor of the Hon. William Preston.

The Know Nothing papers can not [illegible] a "Know
head" candidate for Governor. They could do him no
better favor or service than by opposing him. He is,
and ever has been their deadliest enemy; hence their ha
tred. This goes to prove satisfactorily to our mind that
he should be our candidate.

Just as we go to press the proceedings of the Demo
cratic meeting in Marshall county reached us. We give
them in the place of other matter. Due glad shout for
Preston.

[From the Louisville Democrat.]

Col. Preston's appointment to the Mission to Spain
elicits commendation on all hands, and from unexpected
quarters. Even the New York Evening Post says, to the
conclusion of quite a flattering notice: "On the whole,
Col. Preston has excellent qualifications for his new po
sition: uniting with a capacity equal to all the duties
likely to be imposed upon him the bearing of a courteous
gentleman; and his appointment is one of the best that
has been made by the present administration."

We might add to these extracts a number of
encomiums from the opposition press, such as the
following:

[From the Richmond Messenger—E. N.]

This gentleman, we learn, has accepted the mission to
Spain. However much the political course of Mr. Pres
ton has been exceptional to us we are willing to bear tes
timony to his high talents, and rank him among the first
of his party in Kentucky. The President could not
have made a more judicious appointment from the whole
Democratic party, to a post where great ability is at
that is now necessary to carry out the plans of the Ad
ministration. We hope he may prove more faithful to
his new, than to his old political friends.

[From the Mt. Sterling Whig.—K. N.]

It will be a matter of rejoicing to the numerous aspi
rants for the Democratic nomination for the office of
Governor, that President Buchanan has tendered to Col.
Preston the distinguished position of Minister to Spain,
and that the latter has seen proper to accept. Preston
stood the best chance for the nomination, and now that
he is out of the way, Boyd will be very likely to occupy
his place.

[From the Russellville Herald—K. N.]

Many old line Democrats in Kentucky, who anxiously
desire the nomination for Governor, will doubtless be
greatly rejoiced to learn that their formidable rival for
that position, Col. Wm. Preston, of Louisville, has ac
cepted the appointment of Minister to Spain, which was
recently tendered him by President Buchanan. Col.
Preston, although until recently a Whig, was regarded
by the Democratic press of Kentucky as possessing more
talents than any, or perhaps all, of the old war horses
of the party in the State, and as better qualified to as
sume the leadership in the gubernatorial contest next
summer than any old line Democrat in their ranks.—
The "big gun" being out of the way, the "pop guns"
will now stand a chance of promotion.

[From the Louisville Journal— F. N.]

A dispatch from Washington brings us the intelligence
that the mission to Spain has been offered to the Hon.
Wm. Preston, of this city, but that he has not made
known at the seat of government his decision as to the
acceptance of it. We have good reason to think that
he received the offer several days ago, and we do not be
lieve that any of his political or personal friends, himself
not excepted, know with certainty whether he will ac
cept it or not. The position is a highly honorable one,
but so too is that of Governor of Kentucky, and unques
tionably his party will give him the nomination for the
latter if he will consent to take it. Our own opinion,
deeply as we should regret to lose Col. Preston and his
family from the society of Louisville, is that he had bet
ter say yes to the offer of the President; for only the
consent of a Senate, certain to be favorable to him, will
be necessary to the confirmation of his nomination to
the mission, whereas the vote of a people, *not* known to
be favorable to him, would be necessary to the confirma
tion of his nomination to the governorship.

Col. Preston is eminently worthy of the Spanish mis
sion or of any other mission in the executive gift. We
believe he has never had any especial diplomatic expe
rience, but he does not need it. He has all the qualities
and powers necessary to enable him to act his part well
and successfully without it. He has not learned the di
plomatic art of using words to confuse ideas, and we
don't think he will ever study it. He has suavity, cour
tesy, strong sense, large information, keen and far
sighted sagacity, a deep and lofty sense of honor, and
an unfaltering regard for the interests and good name of
his country, and these will do. We have no thought
that he can purchase Cuba for the United States, yet he
will give his countrymen good reason to be proud of
him. We are sure that he will, if he accepts the mission
be a better minister than we have had at the Spanish
court for many years.

It is really refreshing to be able to speak well of one
act of the President.

"Some weeks since, being seriously affected with pain and uneasiness at the stomach, loss of appetite, and at times strong symptoms of dyspepsia, I was induced to try your *Holland Bitters*, and I feel it but an act of justice to the article, as well as for the good of those who may be affected with like derangement of the stomach, to state that the use of one single bottle of this medicine proved of incalculable benefit, having freed the stomach from all sense of depression, and removed every symptom of dyspepsia. I would also remark, that two other members of my family, who were afflicted in a similar manner with myself, were entirely relieved by the use of a single bottle each.

QUAKER CITY
Two Thread, Double Lock, Tight Stitch
SEWING MACHINE!
NEVER BEFORE SOLD IN THE WEST!
Price.....$30 and $45.

THIS Machine takes the same *Two Thread Stitch* as the most expensive ones in use. Its work will *not rip through, though every third stitch be cut.* The principle is new, the Machine simple, easily adjusted, and not likely to get out of order. It works as rapidly, and makes as firm and handsome a stitch as the most expensive Machines—sews from two common spools without re-winding—does coarse and fine work perfectly, by simply changing the needle and thread. They will *Stitch, Hem, Tuck and Gather*—run more easily than most Machines—have less machinery than any other in use, every part of which is strong and durable, and will last as long as any other Sewing Machine in the market. One Lady with a Sewing Machine, is equal in efficiency to from *eight to twelve Seamstresses by hand.* For economy, every family, and any one making Sewing a business, should have one. This is no cheap, chain, single thread, ripping stitch Machine, but makes in every way the same *TWO THREAD, DOUBLE LOCK, TIGHT STITCH*, as the most popular high priced Machines do. They will do any work that can be done by machinery, from the finest Muslin to heavy Leather work. Our Manufacturing Machine has no superior for ease of motion, strength and durability. Its simplicity and strength particularly adapt it for plantation use. It sews the finest Muslin, heavy Negro Clothing, or Leather, by simply changing the needle and thread to suit the work. A Lady, to be pleased and successful with a Sewing Machine, must have one that *will do the best work*, and one so simple that she herself can adjust and keep right for every kind of work, without the aid of a skillful mechanic or engineer, and one that will use common Cotton, Linen, or Silk Thread, with equal facility. Our object is to sell a Machine that *shall give PERFECT SATISFACTION to the purchaser.* We invite every body to call and see them, whether they wish to purchase or not, and those who have use for them will buy. Samples of work sent by mail. Machines sent to persons who never saw them, and are used successfully after a few hours practice. Full printed instructions given with each Machine sent out of town, and personal instruction to all within our reach. THIS LAMP burns with a pure white brilliant light equal to gas, and is much cheaper than gas. The Lunar Light took the first premium at the last Mechanics' Fair in Louisville. One dollar's worth of Lunar Oil gives the light of 45 16 of Lard Oil, $4 36 of Whale Oil, $9 4 of Burning Fluid, $14 26 of Candles. Half a pint burns 15 hours, costing about 5½ cents, giving a light equal to 5 or 6 star candles. Lunar Oil is not explosive, has no disagreeable smell, and is not liable to smoke. ARRIVAL OF THE ST. LOUIS.

NEW YORK, Oct. 28.—Steamer St. Louis, from Aspinwall, with California advices to the 15th inst., and $1,473,000 in treasure, arrived at this port at noon to-day.

The frigate Roanoke, sloop of war Saratoga, and store-ship Relief were at Aspinwall.

The St. Louis passed the Star of the West bound out on the 24th.

The successful laying of the Atlantic cable was celebrated throughout California on the 27th of September. There were processions, cannon-firing, orations, and illuminations everywhere.

The Humboldt telegraph had been completed from Placerville to the first summit of the Sierra Nevada.

The official majority of Baldwin, the Democratic candidate for Judge of the Supreme Court at the recent election was 8,397.

A vein of valuable red chalk had been found in a gold canon in Sierra Nevada county. Silver and copper had been found in the mountains in Los Angelos.

Large numbers of Indians had made their appearance on the Mohair, causing great alarm at San Gerladin; they had attacked and wounded several Americans and stolen a number of cattle. There is said to be an abundance of water on the desert between San Diego and Fort Yuma. Senator Broderick started from Placerville on the 3d inst., in the overland mail. The Bensley water company are now supplying a large portion of San Francisco with water from Labos creek; the acqueduct was capable of supplying a city four times as large as San Francisco.

Upward of six hundred returned adventurers from Fraser river had landed at San Francisco.

The warehouse of Moore & Folger, on Davis street, was burned on the 1st inst. Loss $150,000. Most of the goods were stored by numerous parties, so that the individual loss is light.

The mercantile house of G. H. & W. S. Snook had applied for the benefit of the insolvent law. Their debts amounted to $55,000 and the assets to $10,000.

OREGON—The news of the battle with the Indians by the overland mail is confirmed. Two hostile chiefs, Qualonen and Ouhi, were captured and shot.

SANDWICH ISLANDS.—The dates from the Sandwich Islands are to Sept. 26. In the new treaty with France, the main points are yielded to that government. The French language is to be placed on a level with the English; the duty on liquors is to be reduced from five to three dollars per gallon; the French vessels are to be placed on the same footing with Hawaiian, and the French consul is to exercise judicial functions, belonging by right to the Hawaiian courts.

The schooner John Marshall arrived with her second cargo of five hundred tons of guano from Jarvis Island.

The White Swallow was taking in guano, and would sail for New York about the 25th of August.

The news from the North Pacific whalers was bad up to the end of August.

Arrival of the California and Salt Lake Mail.

ST. LOUIS, Oct. 28.—The California and Salt Lake mail arrived at St. Joseph on the 23d. Eight passengers came from San Francisco to Salt Lake; among them Mr. Wallace, editor of the Alta Californian, en route for New Hampshire. Mr. Wallace speaks in high terms of the California and Salt Lake mail line. The weather was fine, grass good, and Indians numerous.

The citizens of Carson Valley are asking for a Territorial government.

Col. Andrews, of the sixth infantry, with 1,000 men and 150 wagons, was met at Alkali Springs, en route for Benicia. The mail left Salt Lake on the 2d inst. Everything was quiet, and prosperous among the Saints. The district court was in session, Judge Sinclair presiding. The grand jury was composed of wagon masters and old mountaineers.

Severe snow storms had occurred in the mountains. Several hundred animals have been lost.

From Havana.

SAVANNAH, Oct. 25.—The Isabel, from Havana, the 25th inst., has arrived. Sugars were firm, with limited sales. The stock at Havana and Matanzas amounted to 92,000 boxes. Molasses was dull and firm. Freights very dull and declining. Exchange high and firm. Sterling was quoted at 15a15¼ per cent. premium, and New York at sixty days at 4a4½ per cent. premium.

Captain Hayden, of the ship Gebhard, from N. York, arrived yesterday, reports seeing off Cape Hatteras on Saturday last, during the storm, a schooner capsized bottom upwards. He thinks all on board perished. She was about 125 tons, the hull painted a light lead color, and the bottom green.

Fire.

MADISON, IND., Oct. 28.—Shrewsbury & Price's flouring mill, among the largest and most extensive in the United States, with capacity to make one barrel of flour every three minutes, was totally destroyed, including 2,000 bushels wheat, by fire this morning. The mill cost about $50,000. Insured for $20,000.

Thanksgiving Day.

HARRISBURG, Oct. 28.—Governor Parker has appointed Thursday, the 18th of November next, to be observed as a day of thanksgiving.

River and Weather.

PITTSBURGH, Oct. 28, M.—River 3 feet 3 inches by metal mark, and falling. Weather cloudy, with appearance of rain. Mercury 59.

CINCINNATI, Oct. 28, M.—The river has fallen 2 inches in the last 24 hours; 5 feet 5 inches on bars below here. Rained steadily all last night, and cloudy and damp all the morning.

The Great Salt Lake—A Crystalized Road.

Nick Auderson, in a recent letter to the St. Louis Republican, from Salt Lake City, gives the following account of his visit to the great Salt Lake:

It lies about eighteen miles northwest of this city, and the drive is a beautiful one. Our ambulance was well stored with provender, for Captain Radford was the smiler upon the occasion, and after about two hours' drive we approached the margin of the great lake. For miles the long flats from which the water had receded, presented the appearance of snow and ice, so perfectly incrusted was it with pure salt, the crystalized deposits flashing in the sunlight like myriads of diamonds. We finally came upon the flat and rode for miles over a plain of hard, unadulterated salt, as hard almost as a graveled turnpike. Talk about your "shell roads," give me the Lake that, white as snow, sparkling with saline diamonds, and as level as a billiard table. Limestone, gravel, boulders, and Russ pavements will do very well for the States, but we in the mountains here dash our rags at a "two forty speed" over plains of immaculate and crystalized salt; no dust, no circumscribed boundaries of hedge or fence, but a wide expanse so white that a bridal dress would be unsullied if brought in contact with its polished surface.

Salt Lake receives all the washings of the mountains as well as the various streams in this valley, yet it is a fact, which admits of no doubt, that the lake is gradually drying up. Whether this is to be attributed to the process of evaporation, or some other agency, has not been satisfactorily settled, nevertheless the fact is well substantiated.

There are a number of salt boilerics upon the shores, but they are almost a needless institution, except for refining processes, as the natural deposits alone would supply the world for thousands of years. Some estimate may be formed of the strength of the water, when from four gallons of water one gallon of pure salt can be produced.—On our trip, yesterday, we forded a portion of the lake, and came very near swamping our mules, and bivouacked on Antelope Island, about four miles distant from the main beach. Antelope Island rises like a mountain from the lake, and is about as rugged and rocky a formation as ever was washed by water. It is very large—I do not know its extent—abounding with springs, and is said to be an excellent herding ground, or range. One thing, however, I particularly observed, if for no other reason than it could not be avoided, and that was the immense number of lizards that beset us at every step. I could not put a foot down without bringing it in contact with these disagreeable looking reptiles; they were as thick as grasshoppers in an ordinary season in a garden. We corraled upon a rocky point, where, after administering some oats to our mules, we drew forth our provision box and went in with a keen appetite, and washed down our victuals with several bottles of pure Missouri wine. As we looked upon the labels of the bottles lively recollections of home and the dear ones far away, came swelling up, and the dear old "border ruffian State" was, you may rest assured, pledged in our bumpers.—In our party was a small specimen of the genus African—a very little nigger, whom we had purposely brought along to experiment with, to be used as a sort of *hydrometer*, not for the purpose of ascertaining the specific gravity of the water, but to see what effect its action would have upon his ebony skin. As we all went in bathing, young cuffee was stripped also, and when he came out and dried, he was the most crystalized looking nigger that ever was seen in the territory. His black skin formed a splendid back ground to bring the salt out in a bold relief, and if he had been greased or tarred and suddenly stuck in a snowdrift, the metamorphosis could not have been greater; there, with his wooly head and dusky features, he stood, his cranium not unlike the "night hawk" on the jack-staff of a steamboat.—It was no original thought of ours, we had heard of it before, and the experiment was beautiful.

DISGRACEFUL SCENE IN THE DISTRICT COURT.—The district court, at Pittsburgh, on Thursday, was engaged in a trial of a cause, wherein John S. Hall was plaintiff and J. C. Bidwell, defendant. Judge Shaler was counsel for plaintiff, and, in the course of his address to the jury, he referred to the defendant in terms not complimentary to that individual's honesty. He classed the defendant as a scoundrel and defrauder, and remarked that his very appearance indicated him as such, and used much more language of similar purport. When Judge Shaler had concluded his address to the jury, Mr. Bidwell walked up to him and remarked to this effect: "Judge, I don't know but my countenance indicates as much of an honest man as yours does." Thereupon Judge Shaler spit in Mr. Bidwell's face, when the latter raised an umbrella, which he had in his hand, and struck the judge across the countenance with it, causing a discoloration of the eye. Robt. Woods, Esq., ran to the assistance of Judge Shaler, but some members of the bar intercepted him. Mr. J. S. Hall, the plaintiff in the case, on seeing his counsel struck, also went to his assistance and dealt Mr. Bidwell a blow. The parties were finally brought to a sense of their misconduct, and placed in the custody of the sheriff.—*Pittsburgh Journal.*

We still keep a full supply of the New and Improved Scale of Chickering & Son's Grand, Parlor Grand, and Square Pianos, and as we are Cash Dealers in them, we can sell them unusually low for cash. THE object of this invention is to provide for a prolapsed condition of the abdomen, a healthful and properly distributed support to all internal organs, capable of nice and ready adaptation to the changing condition of the patient, and can be made to form an article of wearing apparel capable of being washed as any other customary garment. Afflicted ladies will find this Supporter far superior to all others made of steel, horn, leather, or India-rubber, which are so unpleasant to the person. My Supporters are manufactured of any woven fabric, such as Muslin, India Twill, Linen or Silk, &c. This Supporter has been in use for the last two years, with the greatest success, by some of the first ladies of New Albany, Louisville and Cincinnati, and a number of ladies throughout the country. BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
Weakness of any kind,
FEVER AND AGUE,

And all the various affections consequent upon a diseased
STOMACH OR LIVER.

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

It is a purely vegetable compound, prepared on scrictly scientific principles after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a greatful aromatic cordial, possessed of singular remedial properties.

CAUTION!
The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince how infinitely superior it is to all these imitations.

MINNESOTA, Hay, Memphis.
POTOMAC, Harry, Pitts.
DR. KANE, Shuman, St. Louis.
JOHN BELL, Austen, Nashville.
EOLIAN, Logan, St. Louis.

THE RIVER was rising very slowly yesterday, with light showers of rain during the day, and more at night, like April showers, with barely four feet water in the canal. This is a rise of about two inches at the head of the falls.

The rainy weather, as yet, has not extended to Pittsburgh, the river at that point yesterday being hopelessly low. Our dispatches also report it slowly falling at Cincinnati, which was quite a drawback to the anticipations of most of the boatmen. The weather, however, continues warm and rainy, and we yet entertain hopes of a speedy rise along the head waters.

The rains have much improved the navigation of the lower Ohio, the Eolian, which arrived yesterday, reporting four feet water at Puppy creek, and Salt river much swollen.

At Pittsburgh, Tuesday, business along the wharf was much improved in anticipation of a rise, as heavy rains had fallen in Western Pennsylvania.

The Rosalie left Pittsburgh Tuesday for Cincinnati.

At Cincinnati, the boating interest has been somewhat enlivened by the premature hopes of water, and we copy the following from the Gazette of yesterday, together with the rates of freight from that point:

There is a marked improvement in business on the levee. The tonnage has increased, and is becoming quite heavy. The majority of steamers are destined for St. Louis. Those having cleared up for that port are the Dr. Kane, Goody Friends, Challenge, Hastings, Lacrosse, Dacotah, Lehigh, and Lebanon. The three latter came down from the shipyard, yesterday. The Wm. Baird also dropped down, re-modeled and looking like a new steamer. She will sail for New Orleans under the popular control of Capt. Wm. Darwin. This influx of steamers we fear is precipitate, and will have a tendency of causing a decline in rates, to the serious detriment of a few who might otherwise pay expenses. The rates, however, were firm, yesterday, as follows:

St. Louis—Heavy pound freights 40c; whisky and oil, 75c; per bbl, etc, one per bbl.

Evansville—Whisky and oil, 75c.

Ostro—Whisky and oil, 75c.

New Orleans—Whisky and oil, $2 25; pork, $2; bacon, butter, cheese, &c., 75c@$1 per cwt; machinery, $1 50; empty barrels, 60c; horses $15 per head, keg lard, 75c.

The arrivals and departures, yesterday, were limited. The Glenwood to Pittsburgh, Key West to St. Louis, and Resolute for Memphis, cleared with fine trips.

The channel of the lower river has been much improved by the rains, but unless the Wabash, Cumberland and Tennessee rivers rise, the river at Cumberland will continue low, as on the bar at that point there were less than 30 inches water.

The lower Mississippi just now is the most difficult and dangerous river to navigate, with less than seven feet water reported at Greenville, and other points, which restricts boats from taking out full loads to the South, and causes freights to be maintained.

The river from St. Louis to Cairo, is also very low, with scant six feet in the channel. The worst place in the channel is probably at Dogtooth Bend, where the Imperial was aground for 20 hours.

Freights are advancing rapidly at St. Louis and Cairo. The rates have advanced 25 per cent.

Boatmen cannot be too careful in making bargains for reshipment for Memphis and New Orleans.

THE BURNING OF THE BEN FRANKLIN.—The following particulars of the loss of this fine boat, we copy from the New Orleans Picayune of Sunday:

Capt. Clarke and other officers of the Memphis and New Orleans packet steamboat Ben Franklin (which was burnt on Thursday morning, as announced by telegraph,) arrived here last evening by the Jackson railroad.

We learn from Capt. Clarke, that at 8 o'clock on Thursday morning, when the Ben Franklin was nearing Astensionville, was seen issuing from her hold aft of the boilers. The boat was immediately rounded to and efforts at landing, and every effort was immediately made to set bounds to the fire.

At first it was thought that the exertions made were crowned with success, but in a few moments afterwards the flames broke forth with such violence, that Capt. Clarke ordered the boat to be scuttled. This, however, failed to smother, and the flames entirely consumed the boat, and her valuable cargo, consisting of 3000 bales of cotton, 60 hhds bacon, 20 bbls pork and many other merchandize.

The Ben Franklin had nearly 200 souls on board, who were all saved, together with the baggage of the passengers, and the papers of the boat.

FIRE AT ROCKPORT.—On Saturday morning last, two small business houses in the town of Rockport, Ia., were destroyed by fire.

☞ The Cincinnati Commercial, by special dispatch from Parkersburg Wednesday night, has the following:

River still receding slowly, with fifty inches at Bienpershasett. Weather clear and pleasant. Steamers Jacob Poe and Pomeroy arrived from below, and Courier and Jane Franklin from Wheeling, passed down.

☞ The Mary Cook, from Cairo, passed Evansville yesterday morning. She is due this morning.

☞ The St. Louis, Hermonia and Wenona, were announced to leave St. Louis Wednesday, for Pittsburgh.

THE LOSS OF THE H. D. NEWCOMB.—We learn that the H. D. Newcomb, which sunk at the foot of Island 82, in the Mississippi, struck on the bar at the head of the island, and her stern flanked around against a snag which opened a large hole in her. She sank across the current, with her bow up in the bar, and the water astern up to her boiler deck, and is in all probability a total loss. The Champion took off her passengers, and together with the Admiral, saved a considerable portion of her cargo.

☞ The Tempest, hence for Cairo, passed Evansville yesterday without any detention by sand bars.

☞ The J. W. Cheesman, which had been laid up at Evansville by low water, reached here yesterday. She had a large lot of hemp from Saint Louis.

☞ The Dunlap Queen, Capt. McLain, has been withdrawn from Green river, and is now advertised for Frankfort, Kentucky river.

☞ The Potomac is now at the city wharf, and goes to Pittsburgh this evening. Freights to Pittsburgh are not very abundant, but boats, vessel-ward, were taking flour at 20 cents, and pound freight at 50 cents. The rates in Wheeling were 20 cents per hundred for pound freights, and 25 cents per barrel for flour.

Freights to New Orleans were unsettled, and shippers were unwilling to pay the rates demanded, and but few shipments were made yesterday, excepting potatoes at 60 cents per barrel. The Diamond was offering to take through lots at 50 cents per hundred pounds.

The Diamond, Capt. W. R. Hollcroft, starts to New Orleans to-morrow, Saturday, evening from Portland. She is a large, comfortable boat, and offers a good chance to shippers and passengers.

MCLELLAN FOR CAIRO.—The splendid passenger packet Moses McLellan is advertised for Cairo and Memphis. She starts on Monday, in charge of Capt. T. M. Erwin, who will take New Orleans passengers and freight to the E. H. Fairchild at Cairo.

The E. H. Fairchild starts to New Orleans on Wednesday evening next, from Cairo, on her first trip of the season.

☞ The John Raine, Capt. Underwood, abandoned her trip to New Orleans because the greater number of her passengers who were going on her, had determined not to go, but to await the abatement of the yellow fever. Captain Underwood was ready to go as advertised, but as his Southern friends concluded not to go for a while yet, he concluded to tie the boat up again.

FOR GREEN RIVER.—The Harrison Bridges, Capt. Everhart, starties to Green river to-morrow, Saturday evening. She is the regular packet, and has the finest cabin of any boat in the trade.

FOR CAIRO.—The fleet Minnesota, Capt. Charley Hay, having been detained, takes her departure to Cairo this evening. She is an excellent and comfortable boat and will take freight and passengers for New Orleans to the E. H. Fairchild at Cairo.

☞ We learn that the Missouri is rising from the mouth of the Platte, which was also rising.—The tributaries are all on the swell, and there will soon be six or seven feet of water on the worst bars. The Missouri is now in good navigable condition. The Upper Mississippi has also risen, and the lower rapids are more easily crossed for that some weeks past. The Illinois is swelling slightly, and in good navigable condition.

SILVER HEELS SOLD.—This boat was sold at St. Louis Wednesday, for about twenty thousand dollars, to a company of southern men, who want to run her from New Orleans up Bayou Lafourche. She will load for New Orleans in a few days.

The Polar Star is loading for Memphis, and will ply during the season between that point and St. Louis.

☞ The R. M. Patton No. 2, Capt. Barnard, has resumed her former trade, and starts to Tennessee river to-morrow evening.

THE SCIOTO.—This packet having been fully repaired and refitted, and beautifully painted under the auspices of Captains Ballard & Duncan, resumes her place in the Owensboro trade to-morrow. She is to make three trips per week.

☞ The Kentucky is the regular mailboat for Cincinnati to-day. She starts at 11 o'clock, in charge of Captain Hildreth, with the veteran Byington in the office.

☞ The Mary Cook re-shipped her freight at Cairo, on the Chancellor.

☞ The Belmont is due from Cairo, with a lot of sugar and molasses for Cincinnati, re-shipped from the A. O. Tyler.

☞ The Flying Cloud, recently impaled on a snag in Dog Tooth Bend, has been taken to Paducah to be hauled out on the ways.

☞ The receipts of cotton at New Orleans, for the week ending Oct. 24, were 58,503 bales.

☞ Black river is reported quite low, with only three feet water in the channel.

From New York.

NEW YORK, Oct. 28.—By the arrival of the St. Louis, advices have been received from Japan.—Intelligence had been received at San Francisco from Hakodadi, stating that an important treaty had been concluded with the Japanese government, by Mr. Harpis, the U. S. Consul at Jeddo. A new port, lying in the harbor of that city, five miles from Jeddo, is to be opened to the Americans.

A son of Capt. Tatnall had left for Washington, via of China, with the treaty.

It was also stated that a Japanese prince, with fourteen attendants, was to depart immediately for Washington, via California.

The United States steamer Mississippi was at Hakodadi, at the last dates. The United States steamer Powhattan was daily expected at Hakodadi from China.

OREGON.—The reported massacre of General Palmer and his party, in Oregon, proves unfounded, beyond the fact that they were attacked, and beat off the Indians, with some loss on both sides.

Supreme Court.

PITTSBURGH, Oct. 28.—This morning, before a full bench of the Supreme Court, the case of the Commonwealth ex. rel. Thomas vs. the Commissioners of Allegheny county, the application for a mandamus to compel the respondent to levy a railroad tax, Geo. Hardey for the petitioner, was opened. Case suggested the amendment of the record by substituting the name of Zaechus Patterson, new commissioner for Jacob Tomer, whose term had expired. Agreed to. The gentleman spoke two hours and made an able argument, which was responded to by Thomas Williams on behalf of the respondents, who in the opening speech referred to the record as defective. After some discussion, it was agreed to waive the objection against the application on grounds of informality. He spoke nearly three hours, and was listened to with much interest. Meredith will make the closing argument. Great interest was manifested in the case, and the court room was crowded all day with spectators.

Railroad Accident.

CORNING, N. Y., Oct. 28.—The night express train for the West, which left this morning for Buffalo, on the Buffalo and Corning railroad, was thrown off the track near Conesus. Mr. O. Yellow Fever.

NEW ORLEANS, Oct. 28.—Deaths from yellow fever Wednesday, 21.

The Great Chess Match.

We have already announced the termination of the game in favor of our countryman, young Morphy. The Paris correspondent of the Boston Transcript writes:

The match has just been settled, and Mr. Morphy declared the winner, all bets being paid.—They were to have played until one or the other had won seven games; but when they stood, Morphy five and Harrwitz two, the latter gave it up, laying the blame of his defeat upon his still health, but the fact is Morphy is by far the best player. When the termination of the match was announced at the Cafe de la Regence—the rendezvous of the chess players here—the Americans assembled there were quite uproarious in their exultation, while the Germans and Prussians, who had bet upon Harrwitz, immediately suffered a terrible elongation of countenance. Still, they continue to have hope, for another person is to try his hand at playing with the formidable young American, and the person is a countryman of theirs.

PUBLIC OFFICERS OF NEW YORK INDICTED.—The Commercial Advertiser of Tuesday afternoon says:

We are able to give to-day a more detailed statement of the indictments against public officers. Enoch Deans, president of the Bowery Bank, where the contractor's funds were kept, is indicted for a conspiracy. There are five indictments against Charles Devlin for conspiracy and obtaining goods by false pretences; four against Charles Turner, Deputy Street Commissioner, for conspiracy and misdemeanor; two against James Furey, Street Commissioner, for the like offence; two against John Fitzpatrick, for obtaining goods by false pretences; and two against James B. Smith, of the Comptroller's office, who is already under bonds of $20,000 to answer a charge of forgery.

Indictments have also been found against F. P. Vidal, and P. H. Dryer, a surveyor, for conspiracy. And there is an indictment against John McClure, an ex-Councilman and a deputy commissioner under J. Furey. With the exception of Smith, who is sick in bed, and Dryer and McClure, all the parties were arrested on bench warrants issued by the Recorder, and appeared before that Judge this morning with John Graham as their counsel, waived an examination, and gave bail in the sum of $2,500 each, on each charge.

HEALTH OF NEW ORLEANS.—The New Orleans Picayune says: A moderate decrease in the mortality for the week, is all that we can say of a favorable nature concerning the epidemic. The arrival of strangers and returning citizens continue heavily to swell our population, and furnish, of course, new food for the destroyer.—We have, we cannot help saying, but little sympathy for those who, despite repeated public and official warnings, persist in thus endangering their lives and adding to the heavy burthen our citizens already labor under. They know the penalty, however, and must expect to pay it.

DEPUTY CLERK OF THE COURT OF APPEALS.—Rankin R. Revill, our newly elected clerk of the Court of Appeals, has appointed Col. R. R. Bolling, of Danville, deputy in his office, with a very handsome salary. The action reflects credit upon Mr. Revill, as his appointee was his leading opponent for the nomination in the convention last January. Col. Bolling's numerous friends in the State will be gratified at his advancement to a post for which he is so admirably adapted. He has moved to Frankfort, and will make this his residence in future. He adds one more to the number of Democrats who have settled here in the past twelve months, and we give him a hearty welcome.—*Frankfort Yeoman.*

MISCELLANEOUS.

SARATOGA.
The undersigned, formerly of the "Hotel de Raine," begs leave to inform his friends and the public generally, that he has lately opened the above house, situated at the southeast corner of Fifth and Jefferson streets, and is now ready to refresh and invigorate the weary traveler with good, cool, and wholesome beverages, of the best kind.
The Brandy, Old Bourbon, Holland Gin, Port, Madeira, Sherry, Champagne, Catawba and Claret Wines, also the Cigars and Tobacco with which my bar is adorned, have been purchased, regardless of high prices, from old correspondents, and are therefore justly deserving the high encomiums which "*connoisseurs*" have been pleased to bestow upon my plain and combination-drinks, each and all of them prepared and handed out in "*our own inimitable style.*" In addition to the attractions of the bar, I have also furnished in the second-story of the edifice a large and airy
BILLIARD SALOON,
containing three tables, conceded by judges to be master-pieces of workmanship, and without rivals in the city or country. Amateurs of this noble game will find the marble beds, Michael Phelair's combination cushions, cues, and all other necessary rigging, in the most complete order, and worthy of the patronage of all friends of rational and healthy amusements.
I have also the pleasure of announcing that I have succeeded in securing the valuable assistance of Wm. H. Wise, Esq., who will be pleased to wait on his numerous friends and new customers. This acquisition, together with the gentleman who attends the Billiard Saloon, and my own untiring attention to the wants of customers, presents to the public about "*as strong an accommodation team*" as there is running in the city.
Inviting all to test the truth of the above assertions, I respectfully remain, JOHN G. HUNT,
southeast corner Jefferson and Fifth streets,
